Prep Time

15 min

Total Time

4

Servings

Ingredients

8 slices hearty wheat sandwich bread

8 tablespoons creamy peanut butter

4 tablespoons jelly or jam

How to make

STEP 1

Pull out *two slices* of bread and lay side by side on the plate.

STEP 2

Open the *peanut butter* and *jelly* and remove any added seals in order to use the product.

STEP 3

Get preferred amount of peanut butter onto the knife (*for an accurate serving size, get about 2 tablespoons*) and spread onto one slice of the bread *evenly*.

STEP 4

Get preferred amount of jelly onto the knife (*for an accurate serving size, get about 1 tablespoon*) and spread onto one slice of the bread *evenly*.

STEP 5

Combine the two slices together *quickly*. Try to match the two slices as close as possible so the crust is evenly matched on both sides so the sandwich is *more appetizing and less messy*.

STEP 6 (Optional)

Cut the crusts of the sandwich off using the butter knife. This step is optional for people who *prefer no crusts*.

STEP 7

Cut the sandwich *diagonally or in half down the middle* depending on your preference.

STEP 8

The final step is to *enjoy your sandwich!* Whether you want to eat it on the go or enjoy with a *glass of milk* is all up to you.
